CFAWin8 Change Log Details

Location	Description

Version 8.1.1187 (Revision 3773)

Repair Order Entry | Detail Section

Added: ***Mechanic Notes*** field to display notes created from the Job Out window in Shop Floor. This field is not editable from CFAWin8.

Updated: Labor Hours Entry and Labor Cost Entry field to be separate fields called ***Labor Hours*** and ***Labor Cost*** respectively.

O.T. Labor Hours Entry and Add'l Labor Cost Entry field to be separate fields called ***O.T. or Additional Labor*** and ***O.T. or Additional Labor Cost*** respectively.

Part Cost Entry renamed to ***NonStock Part Cost***. Allows for manual cost entry for nonstock parts or the summation of OL parts added to the repair detail.

Added: ***Labor Rate*** field which now displays either the Mechanic's or Vendor's Labor Rate.

O.T. or Additional Labor Rate field which now displays the Mechanic's overtime labor rate or the Vendor's Labor Rate 2.

Stock Part Cost field which now displays the total cost for stocked parts added to the repair detail.

Updated: Certain non-editable totalling fields on the far right of the detail section have been incorporated to the primary details based on the above updates and additions.
