

Optimize Fleet Productivity

Logging-in to CFAWin8

Unique User ID's should be setup for all CFAWin8 users, INCLUDING administrators.

- User IDs and Passwords are defined in the System Setup -> Setup Tables.

Log in to CFAWin8:

1. *Select the Company ID to access*
2. *Enter/Select your User Id*
3. *Enter your Password*
4. *Click OK*
 - i. If the password is valid, the login window will disappear and user privileges will dictate what features can be accessed by the user.
 - ii. If the password is invalid, the following will appear: "Invalid Password. Try again."
 - *Click OK*
 - *Enter the valid password*
